ENDANGERED SPECIES

EcoCAT Results Report

IDNR Project Number: 0715391
Date: 6/7/2007

Applicant Name: Todd Sudmeier
Contact Name: Todd Sudmeier
Applicant Address: 1607 E Main Street
Sycamore, IL 60174

Project Information

Project Name: Zion Landfill Expansion
Jurisdiction: Information Request
IDNR Project Number: 0715391

County: Lake

Township, Range, Section: 46N, 12E, 6
46N, 12E, 7
46N, 12E, 8

Location Accuracy

The project location is assumed to be accurate for the purpose of this environmental review based on what is submitted by the applicant. The applicant who submits the information is solely responsible for the location submitted and thus the accuracy of this report content.

Review Results

The Illinois Natural Heritage Database contains no record of State-listed threatened or endangered species, Illinois Natural Area Inventory (INA) sites, dedicated Illinois Nature Preserves, or registered Land & Water Reserves in the vicinity of the project location submitted.

Disclaimer

The Illinois Natural Heritage Database at the Illinois Department of Natural Resources (IDNR) cannot provide a conclusive statement on the presence, absence, or condition of significant natural features in any part of Illinois. This report summarizes only the information existing in the Illinois Natural Heritage Database regarding natural features or locations in question known to IDNR at the time of this inquiry. This report should not be regarded as a final statement on the site being considered, nor should it be a substitute for field surveys required for environmental assessments. This response cannot replace detailed site surveys.

Ermore, should a protected resource be encountered during the project's implementation, compliance with applicable statutes regulation is required regardless of the results of this review.

EcoCAT Results Report

Submitted: 6/7/2007

Terms of Use

By using this website, you acknowledge that you have read and agree to these terms. These terms may be revised by IDNR as necessary. If you continue to use the EcoCAT application after we post changes to these terms, it will mean that you accept such changes. If at any time you do not accept the Terms of Use, you may not continue to use the website.

1. The IDNR EcoCAT website was developed and intended for the purpose of screening projects for potential adverse impacts to protected resources under the Endangered Species Consultation Process (*Illinois Administrative Code Title 17 Part 1075*) and for responding to general requests for information. By indicating your agreement to the Terms of Use for this application, you warrant that you will not use this web site for any other purpose.
2. Unauthorized attempts to upload, download, or change information on this website are strictly prohibited and may be punishable under the Computer Fraud and Abuse Act of 1986 and/or the National Information Infrastructure Protection Act.
3. IDNR reserves the right at any time without notice to enhance, modify, alter, or suspend the website and to terminate or restrict your access to the website.
4. This review is based only on the project polygon that was submitted. The review must be repeated if the project boundary changes. If additional information on protected resources becomes available, this review may be reconsidered by IDNR.

Security

The IDNR EcoCAT application operates on a state of Illinois computer system. We may use software to monitor traffic and to identify unauthorized attempts to upload, download, or change information, to cause harm or otherwise to damage this site. Unauthorized attempts to upload, download, or change information on this server is strictly prohibited by law. Unauthorized use, tampering with or modification of this system, including supporting hardware or software, may subject the violator to criminal and civil penalties. In the event of unauthorized intrusion, all relevant information regarding possible violation of law may be provided to law enforcement officials.

Privacy

The EcoCAT website maintains a record of each search result and all information submitted for each search. This information is used for internal tracking purposes. The information collected in this application will not be shared outside of the EcoCAT system or the Illinois Department of Natural Resources; however, this information does become public record and is therefore subject to the Freedom of Information Act (FOIA).

Memorandum

To: Project File

From: Richard Southorn

Date: May 25, 2009

Subject: Endangered Species Consultation Program

Correspondence was sent to Mr. Todd Rettig, Division of Resource Review and Coordination, Illinois Department of Natural Resources, on June 7, 2007 requesting written documentation that the proposed expansion of the Veolia E.S. Zion Landfill would not impact any known threatened or endangered species. No return correspondence was sent regarding this request.

The Division was contacted on May 25, 2009. I was advised that written correspondence is no longer provided since the launch of the Ecocat service. The correspondence to Mr. Todd Rettig is included in this application for completeness of files.

COPY

Subject: Endangered Species Consultation Program

Dear Mr. Rettig:

I am requesting written documentation that the proposed expansion of the Veolia E.S. Zion Landfill will not impact any known threatened or endangered species within the facility location. The facility is generally located in Lake County Section 7 of Township 46 North, Range 12 East of the Third Principal Meridian.

The approximate facility location is shown on the enclosed figure. An EcoCat assessment was completed on line on June 7, 2007. A copy of the results is enclosed. If you require any additional information, please contact me at (630) 762-1400.

Sincerely,

Shaw Environmental, Inc.

Todd Sudmeier
