Monday - Friday 9:00 a.m. - 3:00 p.m.

(Electronics and household batteries are also accepted at this collection site.)

Other tips for greening your holidays: If you are in the market for some new lights, consider investing in energy-efficient LED holiday lights, which last up to ten times longer than incandescent bulbs and use only one-tenth the amount of electricity. Repurpose old decorations you don't want any more at any local thrift store. Goodwill, Salvation Army and Habitat for Humanity are always happy to have them. Save and reuse your wrapping paper, ribbons, boxes, gift bags, and even cards from year to year!
